I'm a results-driven Frontend Developer with 2+ years of experience in designing and developing scalable, high-performance web applications. Proficient in React, Angular, React Native, TypeScript, JavaScript, Redux, and state management, I specialize in crafting seamless, user-centric web application experiences that enhance engagement and usability.

💡 Key Highlights:

- ✓ Successfully led the Autistica project, demonstrating technical leadership and problem-solving.
- ✓ Passionate about performance optimization, reusable components, and scalable architecture.
- ✓ Experienced in collaborating with cross-functional teams to drive product success.

🔍 Currently open to exciting Frontend Developer opportunities where I can leverage modern web technologies to build impactful digital solutions.
