 My Portfolio

Profile

A passionate and skilled full-stack developer with expertise in modern web development technologies. Currently working at CodeVamp, contributing to end-to-end web solutions with a focus on performance, scalability, and user experience.

Professional Experience

10/2024 – present Bareilly, India	Junior Fullstack Developer •Work on Task Management System,LMS and AI projects etc. •Designed and developed full-stack web applications using React.js, Next.js, and Nest.js. •Managed databases with MongoDB and PostgreSQL, leveraging Prisma ORM for seamless integration. •Collaborated with teams using Jira for task management and Material-UI / Tailwind CSS for styling. Focused on performance optimization, accessibility, and responsive design.
--------------------------------------	---

Education

08/2020 – 07/2024 Bareilly, India	BCA <i>Bareilly College Bareilly</i>
07/2019 – 04/2020 MEERGANJ, India	12th <i>SDSVM Inter College</i>

Skills

Frontend : React.js , Next.js, Material-UI, Tailwind CSS	Backend Node.js, Nest.js, Prisma ORM
Database MongoDB, PostgreSQL, Heidisql	Tools Jira, Git/GitHub, VS Code
AI Retrieval-augmented generation (RAG) AI integration	

Selected Projects

02/2025 – 04/2025	AI-Powered Medical Report Assistant  A RAG-based (Retrieval-Augmented Generation) tool that lets users upload medical reports (PDFs/images), extract summaries with Gemini AI, and ask questions. Uses Pinecone for semantic search and delivers real-time, context-aware answers via AI. Built with Next.js, Tailwind CSS, and Shadcn UI for a modern, responsive interface.  Key Features:  Upload & summarize medical reports  AI-powered Q&A about reports  Semantic search with Pinecone  Real-time streaming responses
-------------------	---

03/2025 – present

Evergreen Pizza [↗](#)

Evergreen Pizza is a modern, full-stack web application built with **Next.js**, offering an interactive pizza ordering experience. It features a responsive UI for browsing pizzas, a dynamic cart system, and secure **user authentication** via **NextAuth.js**. The app leverages **MongoDB** for storing user data, menu items, and orders, ensuring a seamless and secure checkout process.

01/2025 – 03/2025

Portfolio Website [↗](#)

A modern and responsive portfolio website showcasing my skills, experience, and projects as a Full-Stack Developer. Built with Next.js, Tailwind CSS, and Framer Motion, it features smooth animations, optimized performance, and a fully responsive design.

10/2024 – 10/2024

Restaurant [↗](#)

A simple React application built with Vite that utilizes MUI for styling. This project demonstrates efficient API handling.

Technologies : React, Vite, MUI, Axios
